Letter No:12014/1/2024/

Dated Lunglei, the 14th August, 2024

5. Upscaling of MiSALT (Mizoram Sloping Agriculture Land Technology) demonstration farm/plot in Lunglei district. Now there are altogether 17 plots in Lunglei district.
6. 1200 tree saplings were planted in the project villages in observance of Green Mizoram Day which was in collaboration with Environment, Forest & Climate Change department.
7. Essay writing competition, Identification of trees & shrubs, planting of flower & fruit trees, painting & drawing competition were organised in observance of World Earth Day, World Environment Day, Green Mizoram Day and World Day to Combat Desertification & Drought respectively in collaboration with 25 Eco-clubs from 13 villages in Lunglei district.

Based on the agendas, the following points are discussed and noted down

1. The representative from Women & Child Development, Social Welfare Department informed that there are various ongoing programmes which could be converge like training on Nutri Garden concept, Jam & Jelly making, Mushroom Cultivation etc. and informed the project to contact the department for possible convergence.

(Action: GLIU, Women & Child Development)

2. The Divisional Forest Officer, Thenzawl informed the committee that if specific tree species are required as a means of Natural Resource Management, those specific tree seeds maybe procured by the project and the Forest Department will raise the tree saplings at their nurseries.

(Action: GLIU, Environment, Forest & Climate Change Department)

3. A formal letter may be sent from the Directorate level to the CEO, MzSRLM to seek activity that align with the Project and work out possible convergence.

(Action: SPMU)

4. The Chairman informed that there may be possible convergence from Rural Development Department and urge the state officials to enquire at the state level.

(Action: SPMU)

5. Regarding water harvesting structure that is plan to be constructed under Green Landscape Manage Plan, technical inputs and planning may be done by consulting engineers from Irrigation & Water Resources Department. Water Delivery System from the Harvesting tank to farmers field maybe enquired from District Rural Development Office (NREGS).

(Action: GLIU, Irrigation & Water Resources Department)

6. Procurement of necessary items should be done early by the Local Purchase Committee or Departmental Purchase Advisory Board in order to ensure timely supply of agricultural goods to the farmers.

(Action: SPMU, GLIU)

The Annual Work Plan & Budget 2024-25, Green Landscape Management Plan 2024 and the Action Plan for 2nd quarter were approved by the committee after discussion.
